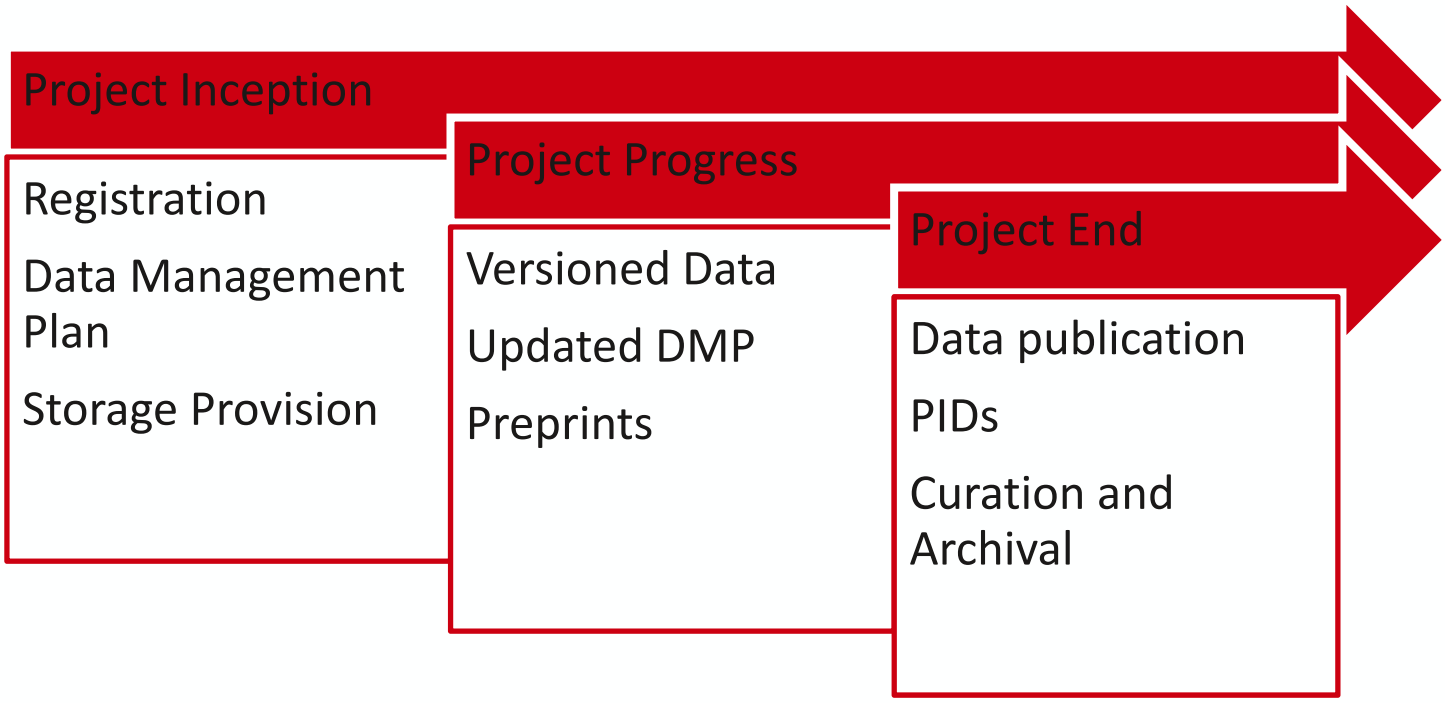
  - Anthropology
  - Psychology
- Business
  - Consultancy
  - Business Development

Current Research Focuses on Libraries

The Risk of Doing it Properly



What to Support?

- Crossref's Metadata Retrieval (Crossref)
- The DOI® System (International DOI Foundation)
- DSpace (LYRASIS)
- Jupyter Notebook (Project Jupyter)
- Mukurtu (Washington State University)
- ORCID
- Open Journal Systems (Public Knowledge Project)
- OSF Preprints (Center for Open Science)
- SciELO
- Zenodo (CERN)

Catalog of Open Infrastructure Services (COIs). (2022, January 7). Invest in Open Infrastructure. https://investinopen.org/research/catalog/

I KNOW! RIGHT?

Doing open/
reproducible science is:
Hard
Largely unsupported
Disincentivised
Siouxsie
