Fig. 1: Compilation of all survey data obtained for the upper grid area at Koukourarata. A) results of qualitative analysis of the GPR profiles B) magnetometer/gradiometer results showing areas of disturbance C) the quadrature component of the EM response. Position of marked graves are shown.

Fig. 2: Compilation of all survey data obtained for the lower grid area at Koukourarata. A) Results of qualitative analysis of GPR profiles B) magnetometer/gradiometer results showing only part of the area C) The quadrature component of the EM data.

Fig. 3: Summary map of area surveyed at Koukourarata, showing possible to known grave localities.
