

# EXPLANATION

## BASE AND TOXIC METAL SAMPLE LOCATIONS

- |                       |                                               |
|-----------------------|-----------------------------------------------|
| △ 005 Rock chip       | □ 055 Soil                                    |
| ○ 080 Flat            | □ 050 Soil line (every tenth sample numbered) |
| ● 074 Stream sediment | Sample locations are approximate              |

All 3-digit sample numbers preceded by 139, except 900 series which are preceded by 181; i.e. sample 274 = 139274, 901 = 181901.

PLATE 2 Location and number of plates showing additional sample locations and geology

Sampling by: Y. YAWAL, B. KIRIORE,  
P. KASAO, T. DOA, P. POIYA,  
P.S. THOMPSON, P.A. MITCHELL

Australian Map Grid, Zone 56

PLATE 1 C : IMALELE, FERGUSON ISLAND,  
D'ENTRECASTEAUX ISLANDS, PAPUA NEW GUINEA

Scale: 1:20 000

Draughted: L.V. Leonard  
Date: May 1986
